HALIFAX DISASTER
SHOWN IN NEW TOM
MOORE SCREEN PLAY

"The City of Comrades," probably the first motion picture drama of the Halifax disaster, is Tom Moore's new Goldwyn Production. It comes to the Alta theatre, commencing Sunday.

In picturing the blast that shook the Canadian city to its foundations, great risk was taken by the members of the company. Mr. Moore, as Frank Melbury, a member of the Canadian army engineer corps, was required to be seated in his office when the shattering occurred. To get the proper realistic effect, Director Harry Beaumont ordered that the set be blown up with dynamite, causing the wreckage to fall on both the star and Otto Hoffman.

A rehearsal of the scene was not made, and at the proper time, the fuse was set off. With debris piled above him, searing from bruises and suffering from a leg laceration, Mr. Moore went through the business of the scene without complaint.

On entering, however, it was discovered that one of the small bones in his right hand was dislocated, a matter that needed instant attention, as the member was commencing to swell and cause the star considerable pain.

At the emergency hospital, it was decided that Mr. Moore should remain

In bed a week to recover from any other possible injuries.

ANN LITTLE LIKES
TO ROUGH IT WHEN
ACTING FOR MOVIES

If anyone thinks movie actresses are potted darlings and rebel if asked to rough it and put up with primitive conditions while filming their pictures, they should listen to pretty Ann Little leading woman for Robert Warwick in his new Paramount-Afterglow production, "Told in the Hills" which will be on view at the Arcade Theatre Sunday and Monday.

The scenes in the picture were made on an Indian reservation in the wildest section of the Rocky Mountains. The players remained there weeks at a time, living in tents like the Redskins and with the same lack of convenience. Here is charming Miss Little's comment:

"I never enjoyed making a picture so much in my life. Getting away from the crowded city into the silent mountains was wonderful. And the Indians were fine. Over two hundred 'braves' acted in the picture, and we found them intelligent and extremely polite and manly. If anything like the pleasure of Mr. Warwick and the rest of us took in our work is reflected in 'Told in the Hills,' I'm sure it will prove a wonder."

You can not beat your best

Unless your eyes are free from strain, no matter how well you see, good vision does not always mean that your eyes are perfect. Many people who have perfect vision are suffering from the worst forms of eye strain, which causes headache, dizziness, nervousness, aching eyes, twitching eyelids, pain in the back of the head and neck, and many other symptoms which they cannot account for.

There is only one relief from eye strain, and that is glasses ground to give clear vision without strain.

Thorough training, modern equipment and 15 years' experience in the grinding and fitting of glasses at your service if you come here.

Eleven years in Pendleton, and thousands of satisfied people have their work done here.

How To Keep
in Good Condition

Sound nerves, a clear head, good digestion, strength, endurance and general health depend upon clean blood. If the kidneys and bladder do not properly perform their functions, the blood cannot be clean and pure, for these organs filter and cast out the waste matter, impurities and poisonous acids that cause nervousness, rheumatic pains, backache, leg-aches, sore muscles, swollen joints, stiffness, puffiness under the eyes and other weakening symptoms.

WAS RELIEVED AT ONCE

"I was afflicted with kidney and bladder trouble for nearly 6 years. Had one severe spell about 3 years ago. Was confined to bed for 4 or 5 days, unable to turn without help. I commenced taking Foley Kidney Pills and can truly say I was relieved at once. I take pleasure in recommending your kidney pills to all who have kidney trouble."—John Leach, Wilmington, Del., California.

FOLEY KIDNEY PILLS

soothe, strengthen, heal overworked, weak and diseased kidneys and bladder. When these organs are working properly, the blood is cleansed and purified, appetite returns, good digestion follows, refreshing sleep is possible, health and strength come again. They have brought relief to thousands of men and women who thought old age was coming on before it was due.
